SUMMARY

A passionate and detail-oriented Frontend Developer with strong expertise in React.js, JavaScript (ES6+), HTML5, CSS3, and modern UI libraries. Experienced in building responsive, user-centric, and high-performance web applications with clean and scalable code. Adept at translating UI/UX designs into interactive interfaces, optimizing application performance, and ensuring cross-browser compatibility. Skilled in API integration, state management, and component-based architecture to deliver seamless and engaging user experiences. Always eager to learn new technologies and create visually appealing, efficient, and user-friendly web solutions.
